The student administration can be reached by mailing:

intoff@eurocollege.nl

1. The costs for a visa and/or residence permit are determined by the Dutch Immigration and Naturalisation Service. These prices are an indication of the expected costs and may vary.

2. EuroCollege will arrange housing through different housing agencies for visa students. The exact amount for housing depends on the room and may vary.

3. The prices mentioned are estimates. The exact amounts may vary. The student will be informed in time when price changes occur. EuroCollege will apply for the required insurance for non EU/EEA students.

4. The visa deposit is a caution for EuroCollege. If the student does not breach the visa conditions regulation, then the amount will be transferred back to the student (with deduction of transaction costs). The return of the deposit can only take place once the student has left the Netherlands.

5. This amount will be returned to the student on to a Dutch bank account after arrival in the Netherlands.

Enrol

All application information can be attained by Emailing: intoff@eurocollege.nl

Information regarding the required documents can be found on our website “Application Procedure”.

Code of Conduct

The Code of Conduct guarantees the quality of higher education provided to international students in Dutch higher education. Only students who have enrolled at an educational institute which has signed the Code of Conduct are eligible for a study visa.

Pre-bachelor

If you are an international student and you need preparation and support in English or foundation subjects we can help you. We offer a pre-bachelor programme which includes intensive English language classes together with intensive lessons in the foundation subjects. A minimum IELTS level of 5 is required for entry to this programme.

Financial Support

All Dutch and EU students can apply for study grants and financial support. To apply for financial assistance or a grant, students should first register with DUO. This procedure applies to all students entering a programme at a Dutch accredited and recognised university or institution of higher education.

External Quality Assurance

Quality Assurance and Control at EuroCollege University of Applied Sciences is monitored by a range of independent organisations in the Netherlands:

- a. The Netherlands Ministry of Education:
The Dutch Education Inspectorate
- b. The Netherlands and Flanders Accreditation Organisation (NVAO)
- c. The National Commission for International Students in the Netherlands (The Code of Conduct)
- d. The IB Group (Student Finance)
- e. The Nuffic (International Education / Study in Holland)
- f. The Netherlands Ministry of Justice
(Immigration Service)
